Farewell to Sue, our COOSH Coordinator

It is with mixed feelings that we have received the news that Sue Cole, our COOSH Coordinator will be stepping down at the end of the year. Sue, Rees, Elliott and Steve have been offered a fantastic opportunity to move out to Jervis Bay.

Sue has had a tremendous impact on COOSH during her two years with us - the Centre has thrived with her at the helm.

From a P&C perspective the work Sue and the COOSH sub-committee have undertaken really is impressive, we appreciate her willingness to be such a team player and share her insights and experience for our OOSH business. For those using and visiting COOSH there is no doubting that welcoming feeling for both students and families is a reflection of the endless time and commitment of Sue and her team. So while we will miss her leadership at COOSH we’re sure you will join us in wishing Sue and the family all the best for life out at the Bay and Vincentia Public School.
