Please take a look at the new Aquatic Park

There is now a new Accessible toilet facility at the front near the front counter

There is also a changing in place amenities now. See the round me tour link below.

The room has a hydraulic lift change bed, full size for an adult, a toilet, shower, Mechanical lifter, and basin.

With the mechanical lifter, you need to bring your sling designed for your person. (There is one in the office but will not be left with lifter as each person should bring your own sling)

All lifeguards/pool staff have a key the changing in place amenities. Just ask them to unlock the room. The room has to remain locked as there are mechanics in there. All children must be supervised when in the changing in place amenities.

Staff are not able to assist you with the lifter etc, staff are not trained to assist you to use the lifter or transfer people in and out of the lifter or manual assist to lift people onto the change table.

There is also a wheelchair suitable to enter the water, please ask any staff member to assist in getting the wheelchair.

If you are out and about in the community and need to use the changing in place amenities, or the accessible toilet, there will be no pool entry fee. Just ask at front counter.
