Dear Parents and Care Providers,
This newsletter outlines upcoming events and information regarding Early Stage 1 and Stage 1 for this term.

Athletics Carnival
Thank your patience in regards to the athletics carnival. The carnival was postponed a number of times last term due to poor weather and a number of notes were required for the event. Year 2 students enjoyed their first (cold and windy!) athletics carnival and Kindy and Year 1 enjoyed taking part in a mini athletics carnival at school.

School Safety
Every now and then it is necessary to remind students and parents about safety around our school. If you are taking your child home early it is very important to sign them out at the office and tell the classroom teacher that the child is leaving. This way we know where each child is and can take the best possible care of all students.

Home Reading
Please continue to encourage your children to read and return home readers on a regular basis. There is a definite correlation between children’s positive reading progress and a regular home reading program.

Environmental Education
Students have begun learning about caring for our environment and developing understanding about our responsibility in providing ways of becoming environmentally conscious about our future planet. All students from Kindergarten to Year 6 are planning and completing research about aspects of our environment; Kindergarten—recycling, Year 1—the importance of bees and Year 2—food, how it is grown and produced. Results of the research will be presented during term 4 for all the school community.

NAIDOC Week Celebrations
In week 2 of this term Cambewarra PS will be celebrating NAIDOC week. There are a number of activities on during the week and parents and caregivers are most welcome to attend and help with these activities.
